

Requesting a Non-Competing Continuation in the Grants Portal

Generally speaking, notification that additional years of funding have been approved on a project come directly to SPA and a request is not needed to process the new funds from the department. These additional years of funding are called non-competing continuations. On occasion, the notice of additional funding goes straight to the PI or department instead of SPA. In these cases, you can use the modification feature in the Portal to quickly and accurately deliver the notification documents to SPA for processing.

A non-competing continuation may be requested via the [Grants Portal](#) using the steps below, or you can contact your [SPA Pre-Award Representative](#) to determine what is needed.

1. Log in to the [Grants Portal](#) using your **UGA MyID** and **Password**.

The screenshot shows the top of the Grants Portal with the University of Georgia logo and the text "GRANTS PORTAL". Below this is a login section with the following elements:

- Login as:**
- User Name:
- Password:
- Login** button
- Text: "Login using your UGA MyID and password."

2. Click on the **"Projects"** link in the red menu bar to search for the specific project that will be modified.
